

LG847 INSTRUCTIONS

- As part of the site inventory, this information is required for all pull-tabs, tipboards, and paddletickets.

- Use this form to track inventory at each site.

Your organization may use the LG844 Perpetual Inventory to meet the requirement for the LG847 if:

- you have only one permitted premises, and
- the LG844 is maintained on site.

- Your organization may keep a separate site inventory list for pull-tab games, paddletickets, and tipboards.

- Update the LG847 when a game:

- arrives at the site,
- is placed into play, or
- is closed from play

- Check the LG847 for accuracy on an ongoing basis.

Keep this form on site as long as any game listed on it is at the site.

Place a checkmark by the type of game being inventoried.

Enter the site name and the license/premises permit number for the site where the game is located.

Column 1

Enter the date the item was received at the site.

Column 2

Enter the two-character ID of the manufacturer.

Column 3

Enter the part number of the game.

Column 4

Enter the name of the game.

Column 5

Enter the game serial number.

Column 6

Enter the date the game was put into play.

Column 7

- Enter the date the game was closed, or
- if the game was returned to a distributor for credit, leave column 6 blank and enter the date the game is removed from the site in column 7.
